

Preparing for the Worst Preflight Survival Tips from a Combat SAR Pilot

We all want to believe the worst won't happen to us, but as safe pilots, we need to prepare for the possibility of an unscheduled off-airport landing. Join John "Bart" McGonagill, a veteran USAF Combat SAR Pilot, as he introduces tips that will help you better prepare for surviving a forced landing. This is the first episode of a two-part series and will cover preflight to the off-airport landing.
