

AOPA Air Safety Institute Presents Implementing Learn to Turn

Released to the aviation community in September, the free Learn to Turn program takes a stick and rudder approach to reducing loss of control. This webinar focuses on increasing awareness of the consequences of your control inputs and describing training exercises designed to improve your basic flying skills. Join Master Instructor Rich Stowell for this engaging webinar that will help you be a better and safer pilot.

Directions: Please register for the webinar at this link - <https://attendee.gotowebinar.com/register/4728952648989888271>

Once you've registered you will receive an email from AOPA Webinars with your login instructions.

A message from the National FAASTeam Manager
