

FAASTeam presents:

AOPA Air Safety Institute Presents - NTSB Insider Accident Investigations Revealed

Join the AOPA Air Safety Institute as we take a behind-the-scenes look into the NTSB accident investigation process in the first episode of our “NTSB Insider: Accident Investigations Revealed” webinar series. Mr. Dennis Diaz, NTSB Eastern Region Chief and Acting Deputy Director for Regional Operations will provide an insightful discussion of what happens from when the NTSB first gets the call about a general aviation accident all the way through to the publication of the final report, what areas do they focus on, how do they arrive at the probable cause statement and safety recommendations. Future episodes in the series air on May 19 and September 15, 2022.

Directions: To register for this webinar please click here. Upon registering you will receive an email from AOPA Webinars with instructions and a link to join the webinar. Registering for this webinar automatically registers you for the remaining webinars in our NTSB Insider series.
