

# The DNA of Airport Safety

**Here at Embry Riddle!**

**Thursday, July 14<sup>th</sup> – 5:00 to 7:00 PM  
ERAU IC Auditorium**

Your Georgia FAAS<sup>T</sup>eam, in collaboration with the Regional Office of Runway Safety will be offering an interesting and thought provocative runway safety briefing to the instructor staff and students on Thursday evening, July 14<sup>th</sup> at 5:00 PM. The content of the briefing will include what constitutes a runway incursion, a fun review of airport signage with emphasis on runway hold lines. The role of a CFI is expanding in terms of setting both knowledge and safety standards. The briefing will also contain the consequence of enforcement actions applicable to runway incursions for CFIs with students, solo students, and certificated pilots.
