Also, pilots will attend one of several Safety Seminars to complete the Wings Program requirements. Wings pins and certificates will be awarded during the weekend! **Remember, completion of any phase of the Wings Program now also counts as a Biennial Flight Review!**

Saturday and Sunday will both feature a full slate of Safety Seminars running all day long, and of course lots of FREE INSTRUCTION from our volunteer flight instructors!

Pilot and Flight Instructor registration will begin at **8:00 AM** sharp! (Volunteer Flight Instructors will have a very important meeting at this time also!)

The first **Safety Seminar** will start at **8:45 AM**, and others will be presented throughout the day at **10:15, 12:00** and **2:00**. This schedule will be the same for both days.

Pennyrile Pilots Association master chefs will be grilling away both days providing a variety of made to order eats, along with soft drinks and snacks.
