

Global Navigation - Using Aviation GPS Systems & ADS-B

This two hour seminar will provide a good review of the questions you have regarding GPS theory, equipment and functionality plus the future of global navigation. We'll look into current and future capabilities of GPS avionics systems, some "knobology" and the upcoming mandated ADS-B. Mr. Michel Kussatz of Garmin will be our guest speaker.

Directions: Driving In: From north or south, take highway 431 to Albertville then highway 75 south to (big blue) airport sign. Turn on White Oak Road, go 3/4 mile. Alabama Aviation Center is on right. Flying In: Albertville's 8A0 airport - directions/rides to and from the adjacent Alabama Aviation Center will be provided.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
