

Global Navigation - Using Aviation GPS Systems & ADS-B

This two hour seminar will provide a good review of the questions airmen have regarding GPS theory, equipment and functionality plus the future of global navigation. We'll look into current and future capabilities of GPS avionics systems, some "knobology" and the upcoming mandated ADS-B. Mr. Michel Kussatz of Garmin will be our guest speaker.

Directions: From I-59 take the Oporto Madrid Blvd exit. Drive toward the BHM Airport, then turn left at traffic light - 5th Ave N. Then turn right on 43rd Ave N. - SMF two blocks on right.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants.
