

Chart Challenge Live (AOPA)

Charts are a fundamental part of flying, but they can be challenging to interpret, difficult to read, and confusing. This seminar will cover:
Challenging questions about specific VFR and IFR charts,
Critical tie-ins with real-world procedures and decision making, and analysis of tragic accidents caused by chart misinterpretation.
Important pitfalls you need to be on the lookout for.

Directions: Pensacola State College, Hagler Auditorium.
Directions: Go North on 9th Ave. and turn right on Underwood Ave. Look for "FAA Safety Meeting" yard signs, and a rotating green beacon. Park in any marked spot. To print map see additional documents below.
For ground transportation from PNS airport check at Pensacola Aviation Center front desk by 6:30 PM.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!
