

Global Navigation - Using Aviation GPS Systems and ADS-B

This two hour seminar will provide a good overview of GPS, ADS-B and associated systems.

Mr. Michel Kussatz of Garmin will be our presenter and will open the floor for Q & A. Should be a great time to ask the expert!

Directions: The seminar will be in the University of Alabama/Huntsville's Wilson Hall Auditorium located just east of Sparkman Drive. On Sparkman Drive, turn east into UA Huntsville complex adjacent to the Bevill Conference Center (1st traffic light just south of University Drive). Make immediate right (south) on to North Loop Road and find large parking lot on the left just past the Bevill Conference Center. Wilson Hall, a red brick building adjacent to this large parking lot, is found at #13 on the map attached to this notice.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
