

ATC Radar Capabilities and Services

Larry Haynes and Brenda Hancock of Huntsville's FAA ATC tower will provide a summary of radar capabilities and how the ATC radar system can work for you. Here is your chance to learn and ask ATC directly. Come early to enjoy other events in our Wings Proficiency Day program. Gates open at 7am with this seminar beginning at 8am. Food and drink, to include early breakfast, will be available via catering by Granville's Gourmet Ribs and Barbecue throughout the day.

Directions: Seminars and vendors will be in Signature's large hangar, north end of ramp. Driving to HSV airport, follow signs to General Aviation. Other signs/personnel will direct you to parking on the ramp adjacent to the large hangar.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
