PRESENTED BY

Join us for an evening with CarolAnn Garratt. CarolAnn is from Gainesville, Florida, and is a former manager with a Fortune 500 company. She earned her private pilot license in 1978 and her instrument rating in 1980. In 1996, she completed her commercial license and bought a Mooney in 2000. After her mother suffered and died from ALS, she flew around the world in 2003 to raise awareness and donations for ALS.

Not content to just fly, CarolAnn built her first plane between 2004 and 2006. Today she owns and flies three different aircraft. She has over 5000 hours and flies more than 300 hours a year including flying students with the EAA Young Eagles program, the sick and needy with Angel Flights, and instructing cadets with the Civil Air Patrol.

This fast-paced presentation will cover the flights and countries that she visited with lots of stories and pictures. CarolAnn's presentations are educational as well as inspirational. It's not just about flying, it's about possibilities. Can you imagine landing in Haifa, Israel, or Aqaba, Jordan, or Muscat, Oman, when you don't know anyone there? It's a leap of faith that has enormous positive results.
