

FAASTeam presents:

## **6th Annual Parasail Regional MACA meeting**

This Forum is specifically for Parasail Operators, Banner Tow Operators, Air Tour Operators, Pilots and MACA members, plus any other interested users of the National Airspace System (NAS).

A second Forum will be held on Wednesday April 20, 2016, 7:00-9:00 PM at:

Destin Jet Center  
1001 Airport Road  
Destin, FL 32541

These meetings are designed to provide safety information to users of the National Airspace System (NAS) regarding the different types of operations that are being conducted along the Gulf Coast. The intent is to share information among operators using the NAS where they may encounter hazards to their particular operations and ways to mitigate these hazards.

We will discuss the Code of Federal Regulations (CFR) which govern the use of the NAS and the regulatory requirements that operators must follow to use the NAS. This information meeting will have representatives from the FAA, local law enforcement, local Coast Guard stations (USCG), Eglin Air Force Base (AFB) Naval Air Station Pensacola (NAS) and local city officials. Our agenda will include presentations to update everyone on FAA airspace waiver requirements and restrictions. William Hattaway
