

Huntsville Airport Operations and Air Traffic Control Procedures/Capabilities

A comprehensive overview of Huntsville Intl' Airport's capabilities and vision and a look at current security challenges. Additionally, we will hear controllers from Huntsville Air Traffic Control Tower presenting an overview of ATC procedures, existing capabilities, and the path forward. This will be a fantastic forum to learn about controlled airport operations and to hear of future capabilities of the national airspace system and airports.

Directions: Meeting will be at the Huntsville International Airport (HSV) and held in Signature Flight Support's large corporate hangar on north end of complex. Driving, follow General Aviation signs at the Huntsville Intl' Airport. Parking will be adjacent to the large "blue roof" hangar facility.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
