

FAA Alabama Northwest Florida Flight Standards District Office presents:

# **FAA Certified Flight Instructor and Designated Pilot Examiner Forum**

The Certified Flight Instructor (CFI)/Designated Pilot Examiner (DPE) Forum creates an opportunity for all aviation educators and evaluators to join forces to standardize and employ best practices during pilot training and evaluation. The goal is to provide a positive influence and create a foundation upon which Forum attendees will want to build their own "Safety Culture" then share this approach with their students. FAA Flight Standards will provide an update on current events affecting the flight training community and review important regulatory advisory material that will ensure continued safe, effective, and compliant aviation operations.

**Directions:** Seminar will be held in the lower level conference room of the terminal building. Airport parking will be validated for attendees. If you are flying in for the event, shuttle service will be provided to and from FBO.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

## **Event Details**
