

Complete Airspace Review Workshop at Sun n Fun

A complete look at Airspace from the beginning to today. A great refresher for the pilot or student that would like an overview of all the ABC's of airspace and more. How is ADS-B possibly going to effect general aviation. The good and the bad! How to use our airspace safely and with a common sense approach. I hope to see you there. We will have FUN!

Directions: Central Florida Aerospace Academy is located at Lakeland Linder International Airport at the intersection of Medulla Road and Doolittle Road near the main entrance to Sun 'n Fun.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
