

ATC Operations Capabilities and Considerations

You really don't want to miss this seminar! We will meet air traffic controllers and managers in discussing radar system capabilities, ADS-B, HSV and HUA airspace and local operations, special use airspace, UAS operations, ground operations and hot spots, and communication procedures. Following this overview, we'll open it up in a forum for questions and answers ! So, come ready to learn and participate if you would like!

Directions: The meeting will be held in Signature's large hangar facility on the north end of the general aviation ramp. If driving, exit from I-565 airport ramp, follow signs to General Aviation. Parking will be in the Signature Flight Support FBO area.

A message from the National FAASTeam Manager
