

BFC Safety Seminar

During this Birmingham Flight Center Safety Seminar, we will discuss the importance of following proper preflight procedures and utilizing checklists effectively. Food and drinks will be provided. We will utilize real-life examples as well as scenario-based training. Do you complete a weather briefing before each cross-country? Was it a legal weather brief? Sure, you use your checklist before takeoff but are you reviewing the checklist during the flight as well?

Come join us to continue your growth as an Aviator!
