

EAA Chapter 190 Monthly IMC Club Meeting

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

The scenario(s) we will discuss at this meeting is/are: IFR and your engine gauges don't look right and there is a slight noise that is elevating your heart rate, and ATC wants you to land and hold short. What say you?

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member or instrument rated pilot to attend

Event Details

Mon, Sep 21, 2026 at 19:00 CDT

Executive Flight Center

360 Clyde Shelton Drive

Meridianville, AL

Contact: Darin Dunham
