

Every Flight Needs to Begin With Proper Preparation!

Please join local airmen and interested participants from around the Perry/Houston County area as they review good operational habits and sound practices relative to preparing for an upcoming flight. Topics to be discussed include flight planning, desired weather and NOTAM briefing content, and some of the FAA's Advanced Preflight concepts. There will also be plenty of time for your questions and shared techniques.

Directions: Drive I-75 S toward Perry, GA. Take Exit 138 toward Thompson Road. Turn right onto Perry Pkwy (signs for Fort Valley) and turn right after 1.3 miles onto Airport Rd. Turn right again onto Walter F. Marshall Drive, then left onto Myrtle Field Rd.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
