

Runway Incursions

Runway incursions continue to increase at both towered and non-towered airports. In this event, we will define what a runway incursion is, and we will discuss some common causes. Join us as we work together to promote awareness of this important topic and improve aviation safety.

From Dividend Dr., turn onto Falcon Drive and proceed through the roundabout. Park in the designated parking area. Event will be held in the FBO lobby.

If flying into the airport, contact the airport staff at 770-487-2225 to make arrangements.
