

DPE and CFI Seminar - Learn and Improve Your Understanding of the Practical Test

Event Details

This Atlanta FSDO FAASTeam seminar is a chance to meet the examiners and to provide educational and safety outreach to the flight schools within the FSDO area as an orientation to the students/instructors/school management about the FAASTeam, the FAA, and the FSDO, along with safety information.

The goal is to provide a positive influence and create a foundation upon which Forum attendees will want to build their own "Safety Culture," which they will then share with their students and/or applicants. The goal is **NOT** to teach the topic as one might to a primary student pilot, but to facilitate discussion on best practices for teaching the topic of the forum. Audience members should be encouraged to join in the discussion and ask questions.
