

iPads in the Cockpit - Modern Flight Planning

Join Adam Lockamy for Modern Flight Planning with iPad. This informative safety seminar will go through different applications, hardware and software now available on the iPad. With a focus on ForeFlight, Adam will present many tips and tricks and explain the exciting features available to you on every flight. He will be available from 11:30 AM - 12:00 PM to answer questions.

Directions: Drive In: Park in the Greenville Jet Center parking lot at Greenville Downtown Airport. Enter from street into the Airwolf Aviation Office or through the main Terminal Building through Palmetto Pilot Supply. Fly In: Park on Tower Ramp, enter through Palmetto Pilot Supply office.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
