

SC FAASTeam presents:

iPads in the Cockpit

Learn about current trends in flight planning using the iPad and aviation apps. This informative learning seminar will review the different applications, plus hardware and software available with the iPad. With a focus on ForeFlight, CFII Adam Lockamy will go in depth and teach you many tips and tricks and explain the exciting features now available to airmen in the cockpit on every flight! Bring your iPad if you have one!

Directions: Drive In: Park in main terminal parking lot, meeting in glass conference room in main lobby Fly In: Park in GA Parking lot, meeting in glass conference room in main lobby.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
