

2013 National Safety Stand Down - Greenville, SC

This year thousands of pilots and AMTs across the country will come together as a Safety Community to participate in a dynamic program devoted to Local Safety Issues, Loss of Control, and Human Error. Don't miss this opportunity to participate in dynamic discussions, and gain practical insights on how you can learn more from accident reports and reduce errors in your own flying and technical work.

Directions: Driving Proceed up Opportunity Place to security gate. Ring in, and the gate will be opened for you. After ensuring gate closes, proceed to Hangar 8 on right. Enter through center doors. Fly in Request University Ramp, then pick tiedown spot. Hangar 8 is at south end of the tiedown area close to entry road. Walk to auto parking, enter through center doors.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
