

## Preflight Inspection & Flight Planning Challenge

A flight instructor will review pre-flight planning and performance calculation computations. Then participants will be given a sample flight planning scenario and a step-by-step guide to pre-flight planning. A flight instructor will verbally review the proper steps in conducting a proper aircraft pre-flight inspection. The participants will be given a pre-flight inspection checklist and pre-flight a real aircraft and see if they can find all the things wrong with the aircraft. Come have some fun!

**Directions:** DRIVING: Park in parking lot. Use Greenville Jet Center Conference Room Door. FLY IN: Park on Tower Ramp, follow signs to Greenville Jet Center Conference Room.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
