

July Topic of the Month - Fly the Aircraft First

This presentation discusses the benefits resulting from knowledge and training in managing distractions and assigning priority to the most critical tasks. Presenters will revisit the basic concept of flying the aircraft first. The presentation will look back at actual incidents and typical distractions that can occur. These past events serve as reminder to concentrate on critical tasks and emphasize the fundamental concept to aviate, navigate, and communicate.

Directions: See Map Link

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
