

Loss of Control Prevention - Automation Awareness

The seminar will discuss how to operate advanced avionics systems, which to use and when, and how these advanced avionics affect the pilot operations. In addition to a power point presentation, we will view a training video on over reliance on automated systems.

Directions: SEE MAP LINK

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
