

August Topic of the Month - Maneuvering Flight

Almost 25% of fatal accidents occur in maneuvering flight which includes go-arounds, stalls and spins, training and formation flying. We will discuss GAJSC recommendations on maneuvering flight to reduce general aviation accidents. This will be followed by an open discussion.

Directions: Once you enter the FBO, take the stairs to the 2nd floor conference room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
