

SC FSDO FAAS Team presents:

An Overview of International Aviation Operations and ICAO

This seminar will explore the history and structure of ICAO. We will demystify select ICAO Articles, Annexes, and SARPS. We will also focus on the importance of ICAO and the regulatory obligations. Should last approximate 1.5 hrs.

Participate in the WINGS Pilot Proficiency Program - It's the right thing to do for safety. Key benefits include: It makes one a more competent and confident pilot. It's easy to get involved and track your progress. It satisfies the flight review requirements for pilots. It's a lifelong program with no limit on the number of Phases available at each of three levels. Pilots can work on all three levels simultaneously. Many industry training providers and service organizations have activities and syllabi that are pre-approved for WINGS credit. Find out more about WINGS at FAASafety.gov
