

SC FSDO FAAS Team presents:

GAJSC May Topic of the Month - Approval for Return to Service

This interactive seminar will review what's required for a legal return to service:

1. A Description of the work performed;
2. Date;
3. Signature; and
4. Certificate Number.

The procedures and maintenance record entries will be presented by Mr. Isaac White, IA and A & P.

This event will last approximately 1 hour and will be the first of two events.

Participate in the WINGS Pilot Proficiency Program - It's the right thing to do for safety.

Key benefits include: It makes one a more competent and confident pilot. It's easy to get involved and track your progress. It satisfies the flight review requirements for pilots. It's a lifelong program with no limit on the number of Phases available at each of three levels. Pilots can work on all three levels simultaneously.

Many industry training providers and service organizations have activities and syllabi that are pre-approved for WINGS credit.
