

Loss of Control and Proficiency in IMC

This seminar will present an IFR Scenario of a pilot planning and flying a cross country flight, the risk associated with the scenario, and how the pilot might mitigate those risk to avoid loss of control while flying IMC. We'll also discuss the difference between currency and proficiency. There will also be a discussion of the EAA's IMC Club.

Directions: As you enter the FBO from the street side, turn left to the Demons Conference Room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
