

SC FSDO FAASTeam presents:

July Topic of the Month - Pattern Precision

From early in a pilot's training they are taught a good landing starts with a good traffic pattern. For this webinar we will discuss the many aspects of the airport traffic pattern such as pattern entry/exit procedures, proper radio communications, and take off and landing performance. In addition, this presentation will provide safety tips for use during a practical test or daily flying, as well as cover some of the common errors associated with the traffic pattern.

Directions: You are invited to the following ZoomGov meeting provided by FAVES. Optional ways to join are:

Hi there,

You are invited to a ZoomGov meeting.
