

25 Things You Should Know For Safe Summer Flying

Weather in the summer months is dynamic and can change rapidly. In this presentation we will discuss some unique characteristics of summer weather. We will look at weather, pilot currency, aircraft systems, and tips for making summer flying safe.

This presentation will be part of a two part seminar.

Directions: See attached map for driving directions. When entering Atlantic Aviation via the main entrance from parking lot, the conference room is the first room on the left.
