

SC FSDO FAAS Team presents:

## **July Topic of the Month Takeoffs and Landings**

Each aircraft flight begins with a takeoff and hopefully ends with a successful landing. But according to the NTSB, it doesn't always work out that way. A study group of 1300 recent General Aviation accidents included 180 accidents that occurred during the takeoff phase of flight. That's fourteen percent of the total. 404 accidents occurred in the landing phase – more than twice as many as for takeoff. That means that almost half of all general accidents occur during either takeoff or landing. Given this, we discuss strategies to limit the risks inherent in takeoffs, landings and maneuvering in and around the airfield. Tips and techniques are presented. If you want information, and ideas...attend this safety presentation.

**Directions:** From CAE, head south on Airport Blvd. Take the right onto Air Commerce Dr. and then right onto SC-602. Turn left onto Ermine Rd. In 1.5 miles, turn left onto US-1 S/Augusta Rd. Follow US-1 S into Lexington. At the intersection of Rt 378, continue straight ahead onto Old Chapin Rd and then make a left turn into the Flight Deck parking lot in 500 ft. The Flight Deck Restaurant is in the center of the shopping complex. The entrance is easily found off the courtyard near Barnes Jewelers and Horizon Travel.

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.

## Event Details

**Mon, Jul 25, 2022 - 18:30 EDT**

### **Flight Deck Restaurant**

109 Old Chapin Rd  
Lexington, SC 29072
