

SC FSDO FAAS Team presents:

# Preflight after Maintenance

Please join us for an information-packed (3) hour interactive Aircraft Maintenance Workshop! If you are an aircraft owner, renter or are considering an aircraft purchase, then you won't want to miss this interactive workshop. We'll cover critical airworthiness issues, aircraft engine ignition basics, experimental aircraft condition inspections, the complete aircraft weighing process, aircraft altimeter & transponder pitot-static tests. And, how to conduct a thorough pre-flight. See how it's done. Ask your questions of the pros!  
Register now!

**Directions:** East of GMU, take Woods Lake Road to Piper Lane to 1 Aviation Lane.

**\*\*Prior to Attending a Safety Seminar, please review and abide by current CDC, State and Local Health Guidelines\*\***

#### **A message from the National FAASafety Team Manager**
