

SC FSDO FAAS Team presents:

# Safety Risk Management in Part 137 Operations

This private event will provide an overview of the three foundational elements of collective and individual safety programs: Safety Risk Management – hazard identification, risk assessment, and risk mitigation, Pilot Proficiency – the skills to do the job and technology that supports safe decision making and aircraft operations

Learn techniques for balancing flight challenges with the knowledge, skill, and technology we have.

**Directions:** NOTE: This is a private conference sponsored by the South Carolina Aerial Applicators' Association. Hence, the Rep-Ops and FPM did not specify an email distribution list. The event is not open to the public.

Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.
