

Topic of the Month - Aircraft Performance Calculations

Performance Calculations - relearn the who, how, what, when, and where to Performance Calculations and see real-world scenarios which lead to incidents and/or near-misses due to faulty or non-existent Performance Calculations.

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.

Directions: Enter Airport Property and take a right down the service road to the East side of the airport, South of the runway. We will host the event in a larger/open community hangar.
