

## Topic of the Month - Introduction to SRM

This seminar will provide a practical examination of how to best implement a Safety Risk Management philosophy in your every day flying. Special emphasis will be placed on integrating Flight Risk Assessment Tools into your risk mitigation strategy.

**Directions:** The seminar will take place in the conference room in the main building. This room can be accessed via a side-door from the parking lot. For those flying in the conference room can be accessed directly from the ramp. Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines
