

ATC Communications for CUB Pilots

This interactive forum with Columbia ATC will discuss the importance of establishing and maintaining ATC communications with CAE ATC. We will also reference the Advisory Circular 90-66B - Non Towered Airport Flight Operations.

Palmetto Sport Aviation Clubroom is located, with parking, at the north end of the hangars directly across from the main terminal parking area. You may park in the clubroom parking or in the terminal parking (see CUB Event parking attachment).

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
