

Mid-air Collision Case Study-Human Factors

This event will review actual accident data with the communications that happened right before a Mid-Collision here in S.C. and what you should know about it. Lets look at Human Factors and the considerations on how to communicate clearly. This briefing will take about one hour. This event is only open to the Charleston Southern University aviation students and is not open to the public.

Directions: Room TBD. Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
