

WINGS Program - Made Easy and Done Right!

We'll do a quick review of WINGS concentrating on how we as pilots can benefit from this program. We will do live demonstrations of using WINGS to become safer and more proficient pilots, which can save us money on Insurance and enter us in drawings to win money. We will make WINGS easy to understand and answer all your questions including how CFIs use the program for their re-certifications. Stay after presentation for hands on training.

Register early and join us to become WINGS Masters.
