

June Topic of the Month - Regulatory Roadblock Reduction

There was a time when regulatory roadblocks added significant cost to the installation of potentially life saving technologies to general aviation airplanes. Those times have changed. In 2016, the FAA overhauled airworthiness standards for general aviation airplanes by allowing ASTM International consensus standards for the certification of normal category Part 23 airplanes. This presentation will explain what that means and address the results of this changed approach. You can now find more affordable autopilots, GPS navigators, Terrain Elevation and Obstacle databases, graphic displays, and Angle of Attack indicators. After reviewing all those items, we'll focus on Angle of Attack options and their positive impact on Loss of Control (LOC) accidents as a positive result of regulatory reform and as a practical, affordable safety measure. Come and enjoy the fellowship and discourse in this monthly meeting.

Event Details

Mon, Jun 30, 2025 at 18:30 EDT

Flight Deck Restaurant

109 Old Chapin Rd

Lexington, SC

Contact: JAY SEWARD

(803) 361-1463

Select #: SO13137475

**Representative JAY EMRIE
SEWARD n/a**

From CAE, head south on Airport Blvd. Take the right onto Air Commerce Dr. and then right onto SC-602. Turn left onto Ermine Rd. In 1.5 miles, turn left onto US-1 S/Augusta Rd. Follow US-1 S into Lexington. At the intersection of Rt 378, continue straight ahead onto Old Chapin Rd and then make a left turn into the Flight Deck parking lot in 500 ft. The Flight Deck Restaurant is in the center of the shopping complex. The entrance is easily found off the courtyard near Barnes Jewelers and Horizon Travel.
