

September Topic of the Month -- Safety Wire

You'll be amazed at how such a simple thing as incorrectly installing safety wire can cause so many serious problems. We'll have a special guest speaker -- Mike Jodoin -- a local air frame and power plant mechanic (A&P) with inspection authorization (IA).

Use the side entrance (closest to the parking lot), NOT the main entrance (which will be locked).

A message from the National FAASafety Team Manager
