

November Topic of the Month - CFIT

In this seminar we'll discuss Controlled Flight Into Terrain (CFIT) Accidents and recommendations (termed safety enhancements) from the General Aviation Joint Steering Committee - a work group that studies General Aviation Accidents. We'll discuss some Safety Risk Management (SRM) and Technological solutions to the CFIT challenge and, finally; we'll give you some best practices that will help you avoid CFIT accidents.

We'll also cover:

- Statistically speaking
- Defining the Topic
- CFIT Accident Causal Factors
- CFIT Accident Case study
- Recommended Safety Enhancements and Much More
