

WINGS Program - Made Easy and Done Right!

We'll do a quick review of WINGS concentrating on how we as pilots can benefit from this program. We will do live demonstrations of using WINGS to become safer and more proficient pilots, which can save us money on Insurance and enter us in drawings to win money. We will make WINGS easy to understand and answer all your questions including how CFIs use the program for their re-certifications. Stay after presentation for hands on training.

This is a closed event open only to the members of the CSU Aeronautics Club. For further information contact FAASTeam Rep. Chris Peterson @ (843) 224-1074 or chrispetersonmas@gmail.com.

CSU Main Campus - Ashby Building Room 204
