

Tips on Winter Operations

What are some recommended considerations for the common pre-flight mnemonic, PAVE, in the wintertime? What can you do to make your physical self (P), your airplane (A), the environment (V) and your mental state (E) better suited for flying in cold weather. What strategies and tactics should you use when faced with cold and ice and you want to or have to fly? What additional survival considerations might help after the unforeseen off-airport landing? Are there some best practices to copy from experienced winter flyers? Attend, find out, and discuss it all as we warm you up for your wintertime piloting.

From CAE, head south on Airport Blvd. Take the right onto Air Commerce Dr. and then right onto SC-602. Turn left onto Ermine Rd. In 1.5 miles, turn left onto US-1 S/Augusta Rd. Follow US-1 S into Lexington. At the intersection of Rt 378, continue straight ahead onto Old Chapin Rd and then make a left turn into the Flight Deck parking lot in 500 ft. The Flight Deck Restaurant is in the center of the shopping complex. The entrance is easily found off the courtyard near Barnes Jewelers and Horizon Travel.
