

Federal Aviation Administration

Memorandum

Date: July 2, 2026

To: Myrtle Beach International Airport (MYR) Stakeholders & Users

From: Matthew R. Bonidie, Air Traffic Manager, MYR Airport Traffic Control Tower (ATCT)

Prepared by: Nicholas Garcia, Support Specialist, MYR ATCT

Subject: **Myrtle Beach International Airport 2026 Runway Safety Action Team (RSAT) Meeting
– AUGUST 3, 2026 – 10:30 A.M.-12 P.M. EDT – Mark your calendars!**

Runway incursions remain a serious concern nationally. One important component of our ongoing efforts to improve surface safety at MYR Airport involves conducting a Runway Safety Action Team (RSAT) meeting at least once each year. In conjunction with airport management, we will be conducting a local RSAT meeting on August 3, 2026. The meeting is scheduled from 10:30 A.M. to 12:30 P.M. EDT at Myrtle Beach Aviation Services Fixed Base Operator (FBO) located at 1250 Airdrome Ave., Myrtle Beach, SC 29577 in the Multi-Purpose room.

The purpose of this RSAT meeting is to unite those individuals and organizations that are actively involved in air traffic operations and movement of aircraft, vehicles and equipment on the Airport Operations Area (AOA). We look for participation from all major airport interests including tenants, fixed base operators, airport operations and maintenance personnel. Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan.

MYR Air Traffic will be leading the meeting, which will include a PowerPoint presentation along with various other materials. Airport personnel and the FAAST team will also be presenting during the meeting. Discussion topics will include MYR operation, runway and surface safety, incident history, airport layout and active runway construction along with any upcoming projects. The presentation will be followed by open discussion and questions from the audience. New action items may be developed at this time to be included in the 2026 MYR Runway Safety Action Plan.

Your participation is important and your input is welcomed. Please RSVP to MYR ATCT Staff Support Specialist, Nicholas Garcia, at Nicholas.garcia@faa.gov. Include the name, organization, phone number and email address of those who will be attending.

If you have questions or need more information, please let me know. I can be reached at 843-477-2763 and/or Nicholas.garcia@faa.gov.

For those unable to attend the RSAT meeting in person, you will also have the chance to attend this meeting via FAA Zoom Platform by going to the following link and registering online to attend:
