

General Aviation Essentials for Runway Safety

When you want to fly, you have to taxi first. That is easy to say, but can be harder to do. Low visibility, complex airport arrangements, communications difficulties and more can turn this seemingly easy task into a risky proposition if you don't manage the situation properly. In this seminar, we'll talk about some of the most famous accidents in aviation history, then discuss procedures and techniques you can use for better pre-taxi planning and ground movement execution. There are many available resources that can help if you know about them. Attend and find out more about ground operations before and after flying. Let's all fly, and taxi, safe!

From CAE, head south on Airport Blvd. Take the right onto Air Commerce Dr. and then right onto SC-602. Turn left onto Ermine Rd. In 1.5 miles, turn left onto US-1 S/Augusta Rd. Follow US-1 S into Lexington. At the intersection of Rt 378, continue straight ahead onto Old Chapin Rd and then make a left turn into the Flight Deck parking lot in 500 ft. The Flight Deck Restaurant is in the center of the shopping complex. The entrance is easily found off the courtyard near Barnes Jewelers and Horizon Travel.
