

Runway Incursions PLUS Line Up and Wait

This private seminar will review Runway Incursion data and discuss causal factors such as not adhering to "hold short" instructions and more. We'll watch a video on phraseology and airport designs which can greatly enhance the prevention of runway incursions. We'll also discuss unauthorized takeoffs resulting from "Line Up and Wait" instructions and view the FAA's latest "Line Up and Wait" video.

This is a closed event open only to students, instructors, and staff at Greenville Aviation. For further information contact FPM Lanny Cline @ (803) 451-2661 or james.l.cline@faa.gov.
