

The Dangers of Slow Onset Hypoxia

A board certified neurologist, Dr. Paul Buza specializes in advanced diving medicine and aerospace physiology. Dr. Buza is the founder and medical director for the Southern AeroMedical Institute- SAMI and an instructor for Black Sky Training. Dr. Buza will be speaking about slow onset hypoxia, when it can happen, how it affects pilots and their skills, how to detect it and the disasters it has caused.

Directions: Park in short term parking lot. Parking vouchers will be provided. Parking is free. Enter the main terminal building on the first floor and follow the signs to the safety seminar.

A message from the National FAASafetyTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
